

WNIA Westfield Neighborhood Improvement Association

Welcome to the Neighborhood

Westfield is a neighborhood in NE Baltimore City that has a rich history of rural farming. The land has been cultivated for many generations. It was once home to Christopher Farm, just to highlight one of many founding families. The Christopher Family Cemetery is located in Westfield. Presently some descendants of the family reside here and continue to fight for the preservation of the graveyard and history of the area alongside the community and WNIA.

Westfield is conveniently located for those who commute within the Baltimore Metro Area. The homes in the neighborhood vary in style and give a comforting sense of home sweet home. Westfield also boasts large back yards that are perfect for beautiful gardens, small urban farms, and play areas for children and adults alike. Westfield is a perfect slice of nature hidden within the side streets of Baltimore City. A great place to raise a family and lay your roots.

WNIA is solely dependent upon volunteers. Help us keep our community strong, safe, and clean. Join today! For more information, please visit our website @ www.westfieldbaltimore.org.

Thank you and welcome!
